- Design, coordinate and assemble complete sets of contract documents utilizing Revit software. Familiarity with Sketchup and AutoCAD.
- Effectively communicate with design team members.
- Interface with permitting agency officials during the project phases.
- Positive attitude, desire and ability to learn and grow, self-motivation, and ability to contribute in a group environment.
- Strong organizational skills to effectively and successfully complete multiple projects simultaneously while maintaining attention to detail.
- 1-5 years of experience.
- Bachelors or Master's Degree in Architecture.

### Benefits

- A fun, collaborative working environment.
- Employer paid medical/vision insurance (employee + family) and dental, life and disability (employee).
- Paid holidays, vacation and sick leave.
- 401K retirement plan.
- Defined contribution retirement plan.
- Continuing education stipend.
