

SCC North Spokane Corridor Interface Planning Questionnaire

STUDENT

FACULTY

STAFF

North Spokane Corridor (NSC):

1. List ways you see the Campus could utilize space under the new freeway.
2. In what ways could the visual impact of the freeway on the Campus be improved?
3. What concerns do you have related to the elevated freeway's impact on the Campus?

Mission Campus Entry:

1. Share your thoughts on the image a new Campus entry should project to the community.
2. What attributes make a successful Campus entry?
3. What functions should be located near the new Campus entry?

Central Green Space:

1. What would make you more likely to spend time there?
2. If you use the space, what do you like about it?

Parking:

1. Is there currently enough parking on campus?
2. Is existing parking in the right locations?

3. In your opinion, what is the best place for replacing existing parking spaces lost to the new NSC?

River Frontage:

1. How can the Campus take better advantage of the Spokane River shoreline?

2. Can the river and the shoreline be utilized as an educational opportunity for SCC?

Alternative Transportation:

1. If you don't ride the bus, what changes would encourage you to ride the bus?

2. What changes, if any, would encourage you to walk or ride your bike to Campus?

Pedestrian Experience:

1. What is a reasonable distance for you to walk from your parking spot or transit stop to your building or classroom?
(state your answer in time or distance)

2. Would you be willing to walk further from your car or bus stop in order to have fewer roads through the Campus?

General Questions:

1. What one thing do you think would make the SCC Campus better?

2. What do you like about the SCC Campus that should not be changed?

3. Other questions or comments you would like to share about this project?

Please return your completed questionnaire at the end of the meeting or email to info@alscarchitects.com by November 10, 2015.
